

REMARKS

During the interview of November 27, 2007, the subject matter of claims 8-9 and 18-19 was discussed. Applicants thank the Examiner for the interview. By this amendment Applicants amend claims 1, 11, and 21, to include each limitation of the allowable subject matter recited by claims 8 and 18, and expressly cancel claims 8 and 18. Accordingly, claims 1-7, 9-17 and 19-21 will remain pending in the application upon entry of this amendment.

Previously, claims 8-9 and 18-19 were objected to, as dependent upon a rejected base claim, but were found otherwise allowable, if amended to include the base claim and any intervening claims. The independent claims 1, 11 and 21 are all amended in accordance with the subject matter of the allowable claims 8 and 18, which are further expressly canceled. Moreover, the recited limitations of claims 8 and 18 are amended for antecedent basis within the independent base claims as requested by the Examiner during the interview.

Accordingly, Applicants respectfully submit that the cited references do not disclose, teach, or even suggest such a method and personal video recorder as recited by the remaining claims. In view of the foregoing, Applicants respectfully request reconsideration and withdrawal of the rejections and objections to claims 1-7, 9-17, and 19-21.

CONCLUSION

Based on the foregoing remarks, Applicants believe that the application is in condition for allowance. If the Examiner has any questions regarding the case, the Examiner is invited to contact Applicants' undersigned representative at the number given below.

Respectfully submitted,
